EXPERIENCE

DMV Music Alliance

April 2026 - Present

Finance Specialist (Remote)

- **Prepared** monthly financial reports and variance analyses using Intuit QuickBooks, supporting annual operating expenditure.
- **Reconciled** 100+ financial transactions monthly, ensuring accurate accounting records and timely month-end reporting.
- **Assisted** in developing and monitoring annual operating budgets exceeding \$100K, tracking actual performance against forecasts and identifying key budget variances.

SRF Capital Studio

May 2025 - Jul 2025

Finance Intern (Remote)

- **Built and enhanced** financial models for 3+ early-stage companies, supporting capital allocation and strategic growth decisions.
- **Analyzed** business performance drivers and market dynamics to inform investment recommendations and operating strategy.
- **Partnered** with senior stakeholders to refine reporting frameworks and improve portfolio performance tracking.

PricewaterhouseCoopers (PwC)

Sep 2021 - May 2024

Specialist

Bangalore, India

- **Analyzed** \$100M+ in revenue and cost data to support business unit performance evaluation and strategic decision-making.
- **Built and maintained** financial forecasts and scenario models, improving forecast accuracy by 20% and enabling proactive planning.
- **Performed** variance, trend, and sensitivity analysis to identify key drivers of performance and uncover cost optimization opportunities (~8% impact).
- **Collaborated** cross-functionally with finance, operations, and audit teams to enhance reporting processes and align financial insights with business goals.
- **Developed** management reporting dashboards (Tableau) to track KPIs and provide real-time insights to leadership.
- **Evaluated** ROI and efficiency of business initiatives by analyzing spend vs. performance metrics, supporting resource allocation decisions.
- **Delivered 30+ financial reports** and planning analyses, supporting budgeting, forecasting, and operational decision-making.

PROJECTS

Equity Valuation of Public Companies

- Built integrated financial models (DCF, comps) with scenario and sensitivity analysis to evaluate strategic investment opportunities.
- Assessed key business drivers (growth, margins, CAC, working capital) to support decision-making and analysis.

Portfolio Management & Investment Analysis – \$1M Portfolio | Bloomberg

- Built and managed a \$1M portfolio using Bloomberg, conducting fundamental, market, and macroeconomic analysis.
- Monitored portfolio performance and risk using financial metrics and market data, incorporating equities and options to optimize asset allocation and risk-adjusted returns. (Sharpe, Teynor, Information ratios)
